Description **PROBLEM:** Commuters with computers who lose keys to their laptop locks may be caught and stopped at the coffee shop longer than they would like. **SOLUTION:** Those tiny tubular locks on laptops can be picked quite easily! Similar to other HPC tubular picks, the 7-Pin Mini Bore Tubular Pick allows you to quickly manipulate all seven pins at one time and open the lock in seconds. Be prepared for students and coffee house surfers that lock down their laptop and misplace their keys
