Price Each:\$161.61

[Ask a question about this product](#)

Description Similar to the Model B (No. TLP-CMOD-B) except for one notable difference. The feeler configuration permits it to operate exclusively on the 3 alternate versions of the standard tubular lock: 7-pin left offset, 7-pin right offset, and 8-pin split center. No special adjustment is required to change from one lock to another. This pick has an aluminum handle, stainless steel barrel, spring steel feelers and comes in a genuine leather case with the Tubular Key & Pick Decoder (No. TKPD-1).
