Description

VOLKSWAGON/AUDI SOFTWARE - 2011-2018 VARIOUS MODELS The ADS2292 software programs bladed keys and select proximity keys with push button start for Volkswagen models. All keys and remotes will be erased before programming new ones. The software bypasses the security PIN code during the procedure and programs the remote and the transponder at the same time. A working key and the Smart Aerial are required to complete the ?Add Key? procedure. All Keys Lost support has been added with this free update. The ADC-219 cable and Smart Aerial are required for All Keys Lost situations. Note: This software is available for Smart Pro only. REGISTERED TO SMARTPRO MACHINE SERIAL #
