Description

Major CAK-15 Cylinder Accessory Kit - MJ CAK-15

SKU: MJ CAK-15

Overview: The Major CAK-15 is a new cylinder accessory kit that contains an assortment of popular hardened cylinder gards, plus cylinder collars molded from an "Engineered Plastic". Unlike steel or aluminum that can chip, scratch or bend, collars from engineered plastic will not loose their finish or shape. They also resist damage due to the ozone and by ultra violet rays. The kit is packed in a handy plastic box for storage and part numbers are identified for reordering. Cylinder collar refills are available in packs of 6. A handy assortment for mobile use.
