Description The Mini Speedex? is a lightweight, industrial-grade duplicator, and is one of the most accurate small key machines on the market. Its size and weight make it ideal for use in small or mobile lock shops. The 4-way jaws hold a large variety of different key blanks, including double-sided automotive keys. The expansive carriage range accommodates large-bow keys. The Mini Speedex? is equipped with a W1-grade tool steel cutter specifically designed for the high rpm motor. The machine comes with the HPC Softie? de-burring brush. The durable construction and bronze bearings combine for a long lasting machine.
