Description The National Lock C8101, is a Pin Tumbler Cam Lock with a 15/16" Cylinder Length. The lock is packaged with Two (2) straight cams. This allows the lock to be used for multiple applications for either drawer or right hand/left hand doors with lipped or overlay construction. APPLICATION ? For drawer, R.H. or L.H. doors. C8101, C8103 and C8109 are for lipped or overlay construction. For overlay application, the combined thickness of front and frame cannot exceed the cylinder length. Also see overlay detail below. The other locks are for flush application. OPERATION ? 90? cam turn, key removable in both locked and unlocked positions. Through the use of a shifter, the 360? key turn turns the cam 90? in either direction. Actual application determines which cam position is the locked position. Each lock is furnished with an alternate cam for opposite cam turn. KEYING ? Keyed Different Will key together with all other pin tumbler locks using D4291 key blank except mail box locks. Master keying to GM1 IS available as a special order. PACKAGING ? Supplied with two keys, trim washer, spur washer for wood, C2014 cam lock mounting plate for wood, mounting nut and two cams. If flat washer (for metal) is needed, order C2015-2C separately.
