Description The Master Lock No. 37KA Laminated Steel Padlock, Keyed Alike ? multiple locks open with the same key ? features a 1-9/16in (40mm) wide shrouded laminated steel body for extra strength and a shackle guard to protect against bolt cutters and hacksaws. The shackle fits openings of 1/2in (13mm) diameter or larger and the shackle guard can be removed to accommodate openings of 9/32in (7mm) in diameter. Dual locking levers provide extra pry resistance and the rekeyable, 5-pin W27 cylinder helps prevent picking.
