Description

Simplex 7108 Mechanical Pushbutton Deadbolt Auxiliary Lock - Polished Brass - 7108-03-41

SKU: - 7108-03-41

- [Overview](#)
- [Features](#)
- [Technical Data](#)

- Simplex Mechanical Pushbutton Locks eliminate problems and costs associated with issuing, controlling, and collecting keys and cards.

Simplex 7100 Series provides fully mechanical primary or auxiliary pushbutton access control by exterior combination, while allowing free egress at all times by interior thumbturn. Deadbolt models must be manually relocked. Deadlocking latch models automatically relock each time the door closes. This fully mechanical lock eliminates the material and labor expense of battery replacements, has a single access-code and is programmed via the keypad without removing the lock from the door.

- Battery: No Battery: Fully mechanical lock eliminates the material and labor expense of battery replacements

Locking Device Options: Deadbolt-must be manually relocked

Number of Codes: Single access code — one easy-to-manage code for all users
