Description

HPC's Tubular Key Adapter Kit is the most economical method for code cutting tubular keys. This adapter converts your Blitz? machine into a code machine for standard 7-pin tubular keys. The kit comes complete, including the Adapter and Carbide Slotter Cutter, as well as a Tubular Key Code Card with the Blitz? and Switch Blitz? versions. Plus, with the included Tubular Key Decoder, you can quickly decode an existing tubular key or an HPC Tubular Pick and create a new factory original key. The Tubular Key Adapter Kit is an exceptional value; you can recoup your investment in less than 6 months. It will be a valuable addition to your HPC Code Machine.
