Description

Introducing the SPK-55 Universal Pin Kit

Each pin size is .005" increment"

Designed using a heavy-duty metal box with a leak-proof cover, all pins are located on one easy-to-use level, unbreakable plastic insert housing. Like all Specialty Products & Manufacturing lock pin kits, all cases include hold down latches, and a heavy-duty metal carrying handle.

Designed specifically for the locksmith in mind, we include easy-to-read pinning charts for 24 popular manufacturers' pinning combinations, pre-filled and ready-to-use kits filled with color coded pins to match industry standards.

Each kit has a narrow space-saving box design, making it easy to handle and store. All pins are manufactured exclusively by Specialty Products & Manufacturing and all manufacturer names and part numbers are for identification purposes only.
